

# YACHT

## Full protection for a fully equipped vessel

American Modern® insures yachts and cruiser-class vessels up to 64 feet in length (houseboats up to 125 feet) and up to \$1 million in value.

### Cruise where you like

Other carriers restrict navigation, even naming specific lakes and waterways. American Modern includes all waters of the U.S. and Canada, plus Mexico's Pacific coast (north of Rio Santo Tomas, Baja), the international shared lakes between Mexico and Texas, and optional navigation to the Bahamas.

### We cover consequential damage

An important feature of our program is how we treat consequential damage. If a yacht is disabled by a cause not covered by insurance and suffers other damage that is normally covered, the initial cause does not void the coverage for the consequential loss. For example, if mechanical failure leads to an accident that causes hull damage, the mechanical failure does not void the coverage for the hull damage.

### Special coverage and limits

#### Personal effects and fishing gear

- Up to \$10,000 in coverage for personal effects and fishing gear.

#### Emergency assistance

- Up to \$2,500 to reimburse emergency assistance and towing, and up to \$10,000 for search and rescue.

#### Travel loss reimbursement

- Up to \$1,000 per day (\$10,000 per term max.) plus lodging and transportation.

#### Under or uninsured watercraft

- If you have an accident with someone with little or no insurance, we keep you covered.

#### Using other watercraft

- Your liability protection extends to the use or rental of another boat.

#### Longshore and Harbor Workers Compensation Act

- The act requires that you pay for any medical expenses if a part-time captain or crew member employed by you is injured while working on, servicing, or supplying your vessel. This policy provision meets your legal obligations.
